Dec. 27, 1924.

Miss Mary Lou Sharman,
Cuthbert, Ga.

Dear Cousin Mary Lou;

The box of pecans were received this morning and I carried them up home at noon and Jessie requested me to thank you ever so much for them as they came in very nicely with our other Xmas eatables. We haven't any pecans yet on our lot, the trees are small.

I regret that you have had an accident but trust you will come around alright, at your age you should always be very careful with bruises and things as they might give you a great deal of trouble. You want to use plenty of iodine and other disinfectants like that on any bruises that might come around the limbs.

All of the family send their very best wishes and love for a prosperous and happy New Year and with my sincere regards, I beg to remain

Very sincerely,

JCC:C
